Official Paper of the City of Sedalia.

The directors of the World's Fair have about decided to run it wide open on Sundays hereafter.

HIGH water is doing great damage in the south and much of the fertile cotton land is inundated to such an extent as to make this year's planting operations impossible.

THE United States supreme court has rendered a decision affirming the constitutionality of the Geary Chinese exclusion and registration act. The Chinese government threatens to retaliate.

CONGRESSMAN DOCKERY is in Washington organizing his committee to investigate the various departments with the view of cutting off many of the clerks and employees whose only duty is to draw their pay.

THE best brick clay in the state is found right in the suburbs of Sedalia, and yet there are not enough brick made here to supply the home demand. This condition of affairs should not be permitted to exist.

THE financial situation seems to be in no sense alarming, even though a few banks have failed. The trouble has been caused by speculation in stocks and has been of no serious consequence to legitimate business enterprises.

WHAT say the Sedalia and Marshall capitalists to building an electric line connecting the two cities? Longwood, Wanamaker, Blue Lick and Herndon could all be accommodated by the one line. It would be of incalculable benefit to Pettis and Saline counties.

It is a little early yet for snake stories, but the eagle which catches up children and carries them a mile or more and gently deposits them on mother earth again is getting in its work in Tennessee and the sea-serpent has been seen off the New England coast.

A WASHINGTON special says that only about one half as many pensions are being granted by this administration as were given by the last. There is a general demand for more care in issuing pensions to the end that only the deserving shall be placed on the rolls.

JEFFERSON CITY is making a desperate effort to raise a fund to build a bridge across the Missouri river. If the movement had been started during the session of the general assembly it would have met with a generous response from the members who would have been willing to contribute to anything to improve the facilities for getting away from the state capital.

BROTHER EMERSON objects to the action of the court in ordering the financial statement printed and ignoring the republican papers, and thinks it a hardship that "republicans are forced to buy a democratic paper in order to read the financial statement." If that is the only reason for his kick he need lose no sleep, for in all probability there are fully as many republicans who read the DEMOCRAT as there are who read the *Gazette*.

THE DEMOCRAT learns that Senator E. H. Richardson is an applicant for a position in the office of Hon. Dick Dalton, surveyor of the port of St. Louis. The senator is a democrat whose party fealty has

been tested and never found wanting; in season and out of season he has fought his party's battles and now that a victory has been won he is entitled to a share in the honors. His many friends throughout central and southern Missouri will be rejoiced to see him receive the honor he asks from Mr. Dalton.

THE poor old *Gazette* sends out a mournful wail because the democratic county court did not order the county exhibit of receipts and expenditures published in that paper. It is only well developed New England gall that would ask for such a thing in face of the fact that the *Gazette* fought the democratic party as hard as it could in the last election. In Missouri we have a great many democrats, quite a number of republicans, but mighty few wumpus. The democrats and republicans know that the rule is that when a party has succeeded in an election the offices go to the members of that party and the public printing to the press of that party, and it would be as reasonable to expect Sheriff Porter to put in a democratic deputy as it would to expect a democratic court to order publications in the *Gazette*. Brother Emerson has allowed his young men to get him into another position where he will be laughed at by the general public.

In speaking of the manifest determination of Chicago to turn the World's Fair into a skinning machine the *Detroit Free Press* has the following sensible suggestion: "It is a mistaken idea of these commentators that the people will attend the fair whatever may be the impositions to which they are subjected. Many cannot afford the extra expense thus imposed, and many others will not stand it. People of wealth have a natural antipathy to being swindled, and as they can afford to seek pleasure where it is the most inviting, they will not go to Chicago as the voluntary victims of extortion. The entire people of the country have given liberally to make the fair a success. The states have given freely of the people's money, the railroads and transportation companies have made concessions, foreign countries have shown an unprecedented generosity, and it remains for the people complained of in Chicago to display the piratical greed which is doing so much to injure the attendance at the exposition and to detract from the success which it deserves. The Chicago press should turn its batteries on this class of offenders and force them into line. They are doing far more to hurt the fair than can any outside influence."

A Crying Nuisance.

There is a nuisance that needs abatement immediately. We refer to the practice of teamsters making a wagon yard in front of stores and public buildings, the most notable instances being at the corner of West Main and Ohio streets, and in front of the M. E. church, corner Fourth and Osage. In the latter location the trees have been killed by hitching horses to them, and great holes excavated by the stamping of horses' feet, which being filled with water after rain makes it very interesting for passers-by. In addition to the mud splashing act referred to above, the droppings from the animals are left to befoul the air of adjacent houses. Outside of comfort and cleanliness, which is next to godliness, common sanitary precautions, especially this year when the cholera may be expected to visit this country, would demand that this nuisance be abated. I hope the proper authorities will take this matter in hand and correct this great evil. PRO BONO PUBLICO.

No Longer In It.

R. W. Prigmore, member of the legislature from this county, was down from his home at Sweet Springs yesterday.—*Today's Gazette*.

As Mr. Prigmore and wife have been living on Vermont street for a month past, it would seem that the *Gazette* ought to have made the discovery ere this. But, then, no one is surprised, as the *Gazette* is no longer recognized as a factor in the chronicling of news.

A Valuable Spring.

What is believed to be a valuable sulphur spring has been discovered at Forest Park. It was visited last evening by Col. Crawford, Major Morey, Judge Metersker and A. W. Wenzelburg, but as it is located in a quarry that is now flooded with water a thorough investigation was impossible.

LAWYER LONGAN'S LAMENT.

How Pettis County's Young Pedagogue Failed to Secure a School at Versailles.

When Geo. F. Longan and Dan E. Wray, of Versailles, met yesterday they called to mind a circumstance of years gone by that caused both to laugh heartily. It occurred just about the year that Mr. Longan had attained his majority, and at a time when Mr. Wray was president of the Versailles school board.

Mr. Longan was not the polished gentleman then that he is to-day, and when he visited the metropolis of Morgan county and made application for the position of principal of the village school there were many who thought the young man had an unusual amount of nerve to apply for so responsible an office. In quest of the position, Mr. Longan called upon Mr. Wray and poured forth his tale of woe with all the ardor and eloquence at his command. Mr. Wray listened attentively, and at the conclusion said:

"Well, young man, I am very favorably impressed with you; but the best thing for you to do is to return home and wait until you hear from me. If we want you, I'll send you a letter to that effect."

Mr. Longan hastened back to Sedalia and began making preparations to remove to Versailles, feeling satisfied that his application would receive favorable consideration. The letter that he longed for never came, however, and at last he gave up all hope and discarded school teaching to enter upon the reading of law.

Ten years passed and both Mr. Longan and Mr. Wray were elected to the legislature. The former remembered the latter, but the Pettis county boy with pantaloons that struck him midway between the knees and ankles had dropped completely out of the Versailles gentleman's mind.

One day they met in the Madison house, though, when Mr. Longan reminded the ex-president of the circumstance narrated above, concluding with the interrogatory: "Why in the deuce didn't you write to me as you promised to?"

"Well, George," answered Dan, "if we had wanted you I should have written as I agreed to; but as we had no desire for your services I didn't see any necessity for squandering a postage stamp."

The explanation was perfectly satisfactory, and an instant later both repaired to the bar, where they indulged in a soda at George's expense.

Arrested an Arab.

One of the five wandering Arabs that have been in the city for the past two or three days was arrested at the depot this morning. His first bad break was to force his way into the ladies' toilet room, from where he was kicked out by Depotmaster Carnes. Later, the Arab jumped upon a passing freight train, when the depotmaster gathered him in and turned him over to the police.

Swindlers at Work.

If a stranger drops in and solicits an opportunity to renovate the feathers in your beds, boot him out without delay, as the chances are that he is a rank swindler. A gang of these fellows have been operating west of here, substituting foul and green chicken feathers and shipping the good feathers to St. Louis, where they command 50 and 60 cents a pound.

Perfect Constitutional Powers.

Its extraordinary curative power manifests itself almost immediately. It is taken, on this point the evidence of those who have taken it is uniform and positive. They say they can feel the effect of every dose doing them good. It is a powerful nerve invigorating tonic, imparting its restorative influence through the medium of the nervous system to every organ and tissue in the body. It makes but little difference whether the constitutional vigor has been undermined by acute disease, overwork, or certain mischievous indiscretions; or whether the broken down condition is caused by one name or other, so long as there is nervous exhaustion, general or local weakness—so long as enervation and idleness are the type of the ailment, this is the remedy.

THOSE WHO SUFFER

from the results of over-mental or physical exertion, hardship, exposure, hidden drudgery, caprice, or who have brought upon themselves a series of afflictions by ignorantly violating nature's laws, will find relief in *Caton's Vitalizer and Nerve Tonic*. WHENEVER THERE IS

any weakness of the vital organs, nervousness, prostration of the physical or mental energies, confusion of ideas, lack of confidence, irritability of temper, melancholy, cowardice, weakness of the knees and back, palpitation of the heart, dizziness, pain in the loins, headache, irritation of the kidneys and bladder, milky urine, pernicious and hidden wastes, resulting in a failure of the mental and physical powers, constituting an impediment to success and unfitting him or her for the duties and responsibilities of life, it is the remedy for all these ailments.

A single package will be sufficient to inaugurate the work of regeneration, and cure in many cases. But stubborn cases often require more. It will be sent, postpaid, secure from observation, for \$1.00 per package, or 6 packages for \$5.00. Address all orders to **CATON MED. CO., Boston, Mass.**

THE CITY COUNCIL.

CONTRACTOR FILES BOND FOR
PAVING WEST FIFTH.

TROUBLE OVER CURBING.

The City Assessor's Salary Fixed at
\$600--The Fee Ordinance--
Meeting To-night.

The city council met in regular session last night in the council chamber. In the absence of the mayor, Acting Mayor Clem Honkomp presided. Councilmen all present.

Minutes of the last meeting were read by the clerk and approved by the council.

A resolution providing for the paving of the alley between Fourth and Fifth east and west from Washington to Lamine, was read. Adopted.

A resolution deeming it necessary to pave Main street from the west line of Mill street to the east line of Grand avenue, was read. Adopted. Upon a vote this resolution was referred to the street and alley committee, the city attorney and the city engineer.

The ordinance providing for the paving of Kentucky street from the "Katy" tracks to Broadway was read and passed.

Mr. Hansberger, as chairman of the ways and means committee, read his report upon the fee ordinance, and was not in favor of allowing the city clerk to charge the merchants a fee with their license. Would favor same for transient licenses.

In the matter of the city assessor and his duties and salary, Mr. Hansberger was in favor of having the assessor make a personal inspection of property and make his report accordingly; property was being assessed upon too small a valuation.

Mr. McKenzie moved that salary of assessor be placed at \$600. Carried.

Mr. Olmstead reported kick about water fountain on East Broadway. Committee on waterworks instructed to see the waterworks company and have basin made larger.

Building committee granted further time to sell old pest house.

Mr. Olmstead advised that an ordinance be passed granting Mr. Gold and Mr. Imhauser the use of the ground at Massachusetts and Main. A vote was taken upon the closing of Massachusetts at this point, and carried by 5 to 3.

Mr. Olmstead moved that the street commissioner be instructed to put in a crossing at Massachusetts and Tenth. Carried.

A bad condition of the street was reported at Ohio and Pettis. The street commissioner was instructed to make necessary repairs.

The building of a sidewalk on the west side of Ingram avenue from Thirteenth to the alley was referred to street and alley committee.

Street commissioner instructed to repair bad places on East Fifth street.

Ordinance providing for building of sidewalk on Broadway from Engineer to New York avenue was referred to city attorney.

A resolution was ordered passed condemning the sidewalk on the south side of Fourth street from Lamine to Washington.

The "dead" sewer in the alley between the old Baxoo site is to be removed. Further time asked for bids, as the only one, \$120, is too high. Granted. Sewer committee instructed to advertise for bids to remove tiling.

Salaries for street men and other bills were ordered paid.

The J. West Goodwin Printing Co. was allowed \$10 for printing the mayor's proclamation.

The contract bond of E. G. Church & Co., for paving West Fifth street, was read by the clerk.

The work is to commence on June 1st and be completed within 60 days thereafter, provided the contractor is not detained by delays over which he has no control. For all unnecessary delay beyond contract time, a penalty of \$10 per day is to be charged.

The bond was for \$17,000 and was signed by George E. Dugan and E. H. Bradbury. On motion of Mr. McKenzie, bond was accepted.

By a unanimous vote Matt Myers and Tom Smith were elected poundmasters, their salaries to consist of fees of the office.

The city treasurer and the ways and means committee were given power, upon motion of Mr. McKenzie, to place the \$17,000 worth of bonds on the market at the best possible rate.

Mr. Hansberger asked that the city pay half the salary of a special policeman on Broadway. No action taken.

City Attorney Cashman advised the further extension of the sewer in the northwestern part of the city to prevent legal trouble. Referred to sewer committee.

The "kinks" and crooks in the West Fifth street curbing provoked quite a discussion.

It was finally moved by Mr. McKenzie that the straightening of the curb be referred to the street and alley committee, the city attorney and the city engineer.

It was moved and passed that the city pay half the cost of a telephone in the city attorney's office.

Mr. Anderson reported that no definite action had been taken in the matter of purchasing a street roller.

It was decided that the council meet to-night to discuss the fee ordinance.

The council then went into executive session.

The Date Fixed.

The Industrial Council have decided upon the evening of May 30 as the date for giving their entertainment, which will take place at the court house. The evening's program will embrace brief addresses by prominent citizens, music by the Military band, singing by a quartette, recitations, gymnastic exercises, etc., the whole furnishing two or more hours of real enjoyment.

Are You Thinking

Of what you ought to take with you when you go to the World's Fair? Your outfit will not be complete without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The change of water, diet, fatigue and irregular habits during your trip are almost certain to produce diarrhoea and a dose or two of this remedy may save you serious sickness and perhaps much expense. Procure it before leaving home. 25 and 50 cent bottles for sale by druggist.

A Welcome For Zeb.

There were quite a number of young people present, and with music, games, etc., coupled with the serving of refreshments, a most delightful evening was passed.

"Births" By Telephone.

Ed. C. Mason was horrified on the occasion of his last trip to Southwest Missouri. In the leading hotel of the city, printed on the register, underneath the railway time table, was the following startling announcement: "Births secured by telephone." Ed left the house the next day, not knowing what might happen to him if he remained.

The board considered favorably a recommendation from all of the teachers in the high school, to the effect that Miss Fannie Battleron, who is not a full graduate, be allowed to give a recitation at the commencement exercises.

The board has not yet passed upon the applications of teachers, but will do so at a meeting to be held Friday night.
